- c. Discussion/approval of the Petition to de-annex properties 433, 487 & 586 Carroll St. (Holland Farms)

Motion to De-Annex Holland Farms (for purposes of discussion) made by Councilperson Young, 2<sup>nd</sup> by Vice-Mayor Townes.

Mayor Griffin announced there would be twenty minutes allowed for the attorneys to speak and then for the council to ask questions.

Attorney Logan spoke saying this land concerned agriculture and nothing else, and further went on to state that this land was under a conservation easement that says can the land can never be anything but agriculture. He says he felt that the annexation was originally done by a previous administration to just square up the City of McKenzie. He said the Hollands had not received the full benefit of the original, proposed plan of services, like sewer, street lights, or paving. Attorney Logan stated that the city would only be losing \$2300.00 per year, which was a drop in the bucket if the city had to go through a lawsuit. He said if we looked to the east, there was a field road where equipment when in. Mr. Logan stated there were only three outcomes: Deny, Approve, or Do Nothing. Mr. Logan says if denied, any annexation since 1972 would be null and void.

Councilperson Batton asked if she could ask Ms. Jill Holland why nothing was done in the twelve years during her term.

Ms. Holland said that it would have been terrible if money had been used to give the farm services. She would have had to raise taxes. She stated that she met with TACIR and they stated farm should never have been annexed. A discussion was then had regarding the placement of fire hydrants for residences inside the city limits, as applied to the

Holland property. Ms. Holland then stated it would be a win-win situation to get rid of them.

After discussion by Attorney Logan and Ms. Holland, City Attorney Pemberton stated that in his legal opinion, the Hollands had not met the two-part standard to stay within the law of Tennessee Code Annotated Section 6-51-201. He did not recommend just doing nothing as the annexation would be automatically approved if the board took no action on the request to deannex. He stated that the Holland Farm is registered as an LLC. The Holland's themselves are considered more like a board that oversee the LLC as member owners, but it appears that the LLC owned the property based on the last deed of record. The LLC separates people from personal services vs business services. Mr. Pemberton referred to question from Councilperson Pruneau on "What do we lose as a city?" We don't gain or lose either way in terms of money or tangible benefits was the response from Pemberton. The only other way to de-annex the Holland Farm would be a referendum under state law to de-annex.

Conversation concerning if services from the city had been met was answered by Mayor Griffin and Fire Chief Tucker. The Hollands do receive city water, there are sewer lines surrounding the property, we have no authority to put street lights on a county road, as this private drive has never been dedicated to the city. Chief Tucker said the closest corner of Smith and Carroll did have hydrants. Their property in case of fire would be treated like we do any property with private drives. A truck is set up as a relay. This is not the only property in the city limits treated like this. We obey the International Fire Code- hydrants are within 1,000 feet of a residence on a public right of way- not on personal property. They are not required on a private drive.

Mr. Pemberton stated we would be setting a very dangerous precedence by not following the Tennessee Code Annotated Section 6-51-201. Both parts of the two-part test have to be met. The language of the statute is clear, and the Holland Petition should fail based on the information presented to the Board and the current state of ownership of the land and the land surrounding the Holland Farm continuing to be inside the McKenzie City Limits.

Mayor Griffin then asked for the roll call vote:

Roll Call Vote:

Councilperson Alexander	<u>Y</u>	Councilperson Pruneau	<u>N</u>
Councilperson Armpriest	<u>Y</u>	Vice-Mayor Townes	<u>N</u>
Councilperson Batton	<u>N</u>	Councilperson Young	<u>Y</u>
Tie vote made by Mayor Griffin.	<u>N</u>		

Motion to de-annex the Holland Farms fails on a 4-3 vote, with the Mayor breaking a tie vote of the council. The Petition is denied by the City of McKenzie.
